

AT THE THEATERS.

At the Hip.
The Hip has a treat in store for the patrons of this beautiful feature playhouse next week. Three of the most magnificent features ever produced will be shown commencing Monday matinee. The first, which will run Monday and Tuesday, will be William A. Brady's brilliant masterpiece "Mother," with Emma Dunn, originator of the part, in the title role. With her interpretation of this part Miss Dunn has given the stage and the screen a most memorable characterization. Patience, kindness, tenderness, love and forgiveness are all combined in the noble word "Mother." Wednesday and Thursday "Vendetta" will be offered. This remarkable play is taken from the novel by Marie Corelli and we venture to say that "Vendetta" will prove to be one of the most interesting photoplays yet offered at the Hip.

Friday and Saturday one of the most pretentious screen plays ever exhibited in Topeka, Winchell Smith's "The Fortune Hunter" with the following all-star Lubin cast: William Elliott of Madam X fame, George Soule Spencer, Ethel Clayton, Florence Williams, Edwin Barbour, Gaston Bell, Charles Brandt and others. See Hip advertisement for schedule of shows.

At the Orpheum.
The new bill at the Orpheum for Monday includes three excellent features. "Little Mary" Pickford will be seen in the part of an Indian girl in the clever feature, "The Pueblo Legend."

"The Cruise of the Hell Ship" is a three-act sensational story of mutiny on the high seas, shipwrecks and mysterious islands. It's one of those clever, gripping stories that hold us in the spell of unknown mysteries and dangers. The cast of players include several of filmdom's most pleasing actors. HAVE YOUR HOUSE WIRED NOW

Light Is a Property Protector

JUST THINK!!
You can burn an electric porch light all night for a current cost of ONE CENT.

Did you ever think that the best possible burglar alarm is an electric porch light?
Burglars don't care to ply their trade in the glare of electric illumination.
Besides it is a splendid aid on dark and slippery nights.

What, the house isn't wired? That's an oversight. Consult an electrical contractor and you'll be pleased and surprised to learn how cheaply he'll run the wires in. Then consult us about our payment plan.

FOUR REASONS WHY You Should Not Accept "Just As Goods"

FIRST—You proclaim yourself as an "easy mark."

Of course, you are not an "easy mark." That's the reason why you will not allow the dealer to palm off on you something "just as good." Convince the dealer that you are not an "easy mark" by refusing to buy his "Just as Good."

SECOND—You encourage the sale of imitations.

WHEN people refuse to buy imitations, dealers will find out it does not pay to handle them and will discontinue their sale.

THIRD—You encourage the manufacture of inferior articles.

WHEN manufacturers discover that dealers cannot "coax" the public to buy inferior products,

these manufacturers will be compelled to either make goods of merit or to quit business.

FOURTH—The dealer makes an extra profit at your expense.

THERE would be no object in a dealer urging you to buy an article other than the one you ask for if it were not the extra profit it yields him. How can an article yield more profit if it is not cheapened in manufacture or of inferior quality?

ANY one of these reasons should be sufficient for you to refuse to buy "Just as Goods." DON'T forget, it's your money you're spending. Spend it in your own way. Always insist, and you will "get what you ask for."

RUNS MAN DOWN

Aeroplane Smashes Into Chicago Man and Kills Him.

The First Accident of Its Kind on Record.

Chicago, Oct. 10.—In what is said to be the first fatal accident of its kind on record, Alphonso Huth, a mechanic was killed on the Cicero flying field here Friday by being run over by an aeroplane.

Huth, an expert on aeroplane motors, and an aviator were testing the "pull" of a motor by having it drag against a spring scale chained to a stake. The stake gave way under the strain and the flying machine dashed over Huth inflicting injuries from which he died a few weeks ago.

HOG IN HIS BARN.
North Topeka Man Victim of New Form of Topeka Criminality.

To wake up and find that some kind friend had left a nice, fat 400-pound porker in his barn was the experience of one Thomas Bradford, a colored man residing at 803 North Jackson. Bradford went to sleep last night and had no collection of hogs in his barn. During the dark hours of the night some new kind of criminal unlocked the barn door, allowed the hog to enter and then locked up the barn again.

Bradford was alarmed by hearing a grunting noise in the interior of the structure about 7 o'clock this morning. Strange things have occurred in barns. Automobiles have recently been stolen from such buildings. Cats have been killed and thrown into barns. Mr. Bradford started to investigate and found the hog, contentedly grunting. He notified the police about the visitor.

But what should the police do?

"You don't mean to say your garden is already a success?" "Yes, sir." "But a garden is not supposed to produce so early." "Mine does. I have dug six cans of the finest fishing worms I ever saw."—Washington Star.
